

2016

KCCS Int. Membership Course 5

May 13 -15, 2016

Humedi Clinic, Bundang, Korea

Greetings!

As we know, the basic concept of cosmetic or aesthetic surgery is different from that of plastic surgery. This is because, although it has developed into one of the plastic surgery fields, it covers all of the surgery departments including ophthalmology, otolaryngology, dermatology, general surgery, orthostatic surgery, breast surgery, OBGY and so on. For this reason, this field is at its early stage where it should be established correctly as a specialty.

Moreover, doctors who try to start learning cosmetic surgery desperately need a systematic and reliable training program. But, unfortunately there is no place where they can get such programs in Asia. Now, two representative countries that have regular educational programs especially in the field of cosmetic surgery are United States (AACS) and Australia (ACCS). However, these programs are operated by general medical committees or societies like KCCS and not by the government organizations. On top of that, these two programs are not for Asians but for Westerners.

Hence, KCCS has launched an educational system for the fields of Asian cosmetic surgery since 2006. We started offering fellowship course in 2014 and this is the second year KCCS offering fellowship course to doctors who are interested to pursue their career in cosmetic surgery or to current cosmetic surgery practitioners who want to enhance their cosmetic surgery skills and knowledge.

Currently, our fellowship course members are from Hong Kong, Malaysia, Indonesia, Iran, Taiwan and Thailand. In the 5th course of the 2015 Int. membership course, the professors of KCCS will be giving lectures and live demonstrations.

Doctors who have completed the basic Fellowship Course will be granted Fellowship of KCCS and those who have completed the advanced Diploma course will be granted the Fellowship and Diploma of KCCS and get a qualification for the examination of Korean Board of Korean cosmetic surgery depending on their experience. There are around 10 doctors from 2014 batch and 5 doctors from 2015 batch who are expected to sit for their fellowship graduation examination and become a fellow of KCCS in 2015.

This will be a golden opportunity to enhance your cosmetic surgical knowledge and skills.

We hope you can join us and have a great experience with many brilliant professionals.

President of KCCS

Seong-Yik Han M.D., DDS., Ph.D., FKCCS

Founder of KCCS

Kyoung-Jin(Safi) Kang M.D., Ph.D., FKCCS

Korean College of Cosmetic Surgery

Program

May 13th, 2016 (Friday)

Time	Subject	Professor
Lecture 18:00~21:00
