2017 Asian Rhinoplasty Workshop

Greetings!

Welcome to KCCS Asia rhinoplasty workshop.

We are pleased to be able to play an important role in the workshop of the Korean Society of Korean Cosmetic Surgery which is already celebrating its 10th anniversary this year.

We are incredibly happy to share our knowledge and many experiences with you.

Also, I would also like to congratulate the launch of the Journal of Cosmetic Medicine.

The live demonstration prepared by this society will provide you an opportunity to interact with us during the surgery. I am confident that this experience will be a valuable and meaningful time to explain our surgical technique and answer your questions at the same time.

With a wide variety of cases, this will provide you an opportunity to learn and acquire the experiences, skills, and knowledge in relation to the rhinoplasty surgeries.

I believe that each and every one of you will be satisfied with this experience.

I will continue to work on the development of Asian cosmetic medicine.

I hope that all of you will join me on this wonderful paths.

I would like to thank you again for your participation and hope to bond our friendship during the workshop.
