Hello!

We are holding "2019 international Masters' Symposium" in Seoul organized jointly by Chosun University Medical college and Shimmian clinic. We would like to invite you to the 37th international KCCS conference.

KCCS has been trying to set up the educational system for the field of Asian cosmetic surgery and medicine since 2007. During the conference, the KCCS faculties will be providing their latest skills, discoveries, and research for the conference attendees.

Especially, we are expecting to present good opportunities to experience the basics and new knowledge about the cosmetic dermatologic medicine. This field has been rapidly changing because of the development of various laser equipments. If you don't adapt to change, you can not survive in the cosmetic laser field.

On behalf of KCCS, I would like to express my sincere gratitude to the faculties for the successful conference. I hope that this joint conference will continue to contribute to the development of cosmetic medicine field. Finally, I sincerely hope that all attendees will acquire a lot of expertise through the conference and become experts in cosmetic medicine field.

I wish the best to you and your family.

Thank you very much!

11th President of KCCS
Jeong-Ho Seo, M.D., Ph.D.

Greeting!

We are pleased to invite you to participate in the 6th International Chosun Aging Face Symposium, which will take place at the Kimkoo museum & library in Seoul on 2rd - 3rd November, 2019.

In this 6th event, many leading facial plastic surgeons from Singapore, USA, Chile, Thailand, Japan and Korea will deliver their most upto-date knowledge on facial plastic surgeries. We will share with you the latest techniques, advancements and how best to deal with the challenges in facial plastic surgery, with an emphasis on facial rejuvenation.

The objectives of the conferences include

- Providing fundamentals of filler, botox, laser, lipoplasty, threadlift, blepharoplasty, browlift, facelift and facial rejuvenation surgery
- Contemporary techniques and concepts
- Concise video presentations
- Interactive live surgeries on finesse and complicated cases
- Interactive Hands on courses

Not only the unidirectional lecture and presentation, this meeting will also provide an opportunities for each and every participant to share their experience and discuss most up-to-date knowledge in facial plastic surgeries. Seoul, the heart of South Korea, is known for its distinctive dynamic beauty, historical past, and ultra-modern present.

Dear colleague, please come and enjoy all the academic programs and cherish our friendship.

I look forward to seeing you all in Seoul in November 2019.

Thank you!

Department of Otorhinolaryngology,
College of Medicine, Chosun University
Ji-Yun Choi, M.D., Ph.D.

Greetings!

It is our great pleasure to announce the 22nd international Rhinoplasty Workshop which will be held in Seoul, from November 2nd~3rd, 2019.

It is proudly announced that our workshop is combined with workshop of KCCS and Chosun Aging Face symposium for more successful "Masters' Symposium on Facial Rejuvenation and Korean Cosmetic Medicine".

We prepare a variety of programs with a live demonstration, video sessions and hands-on programs with great speakers to share their knowledge and secrets for the best rhinoplasty outcomes.

The workshop aims to highlight various aspects of rhinoplasty beginning from the basics to advanced levels along with recent developments in this field.

This year we bring you the best of speakers spanning the country to share their secrets for the best outcomes and their tips, tricks, and experiences they have gained over the years in the power-packed sessions. As our workshop is combined with workshop of KCCS and Chosun Aging Face symposium also, you have more options which lecture to choose.

I welcome you all to the beautiful city of Seoul and assure you a comfortable and productive stay with us.

I look forward to seeing all of you in Korea for this academic extravaganza.

Thank you.

Director of Shimmian Clinic
Dong-Hak Jung, M.D., Ph.D.
